## **SHERE AND LOCAL VILLAGES HEALTH TRUST**

**Helping local doctors  
provide that extra healthcare  
for you and your family**

**The *objects* of SALV are:**

To help protect, improve and preserve the health of local people within the civil parish of Shere and adjoining parishes, by assisting with the provision and maintenance of:

- a) medical equipment, fittings and furniture;
- b) training, including the use of equipment and new technologies;
- c) other medical and healthcare services.

**Registered Charity No 1016023**

## **WHAT DOES SALV DO?**

SALV provides equipment and other support to help our local doctors and other medical staff carry out their work in the most effective way.

### **Nobody wants to go to hospital.....**

SALV can often make it possible for you and your family to avoid the stress and time delay of hospital visits by providing equipment so that you can be treated in the familiar environment of your own surgery.

SALV gives us all the opportunity to say thank-you for the excellent local services that we receive.

## **WHY DO WE NEED SALV?**

As you know, the NHS is under-funded and cannot provide all the facilities we need. However, a little help from SALV makes a considerable difference for us all.

You and your family may have already benefited from the equipment and resources supplied by SALV. Even if you have not, it is a comfort to know that these excellent facilities are available – just in case!

A list of some of the help provided is shown overleaf.

**SALV stands for:**  
**Shere And Local Villages**

## **YOUR PARTICIPATION IS WELCOMED**

Each village has a SALV representative who helps to provide a channel of communication with the trustees and doctors. If you have any questions or suggestions, or would like to know more about the equipment, please do not hesitate to contact your village representative or one of the trustees.
